

CONFORMITY DECLARATION

solarnova Deutschland GmbH
Am Marienhof 6, 22880 Wedel, Germany,
declares that the

PHOTOVOLTAIC MODULES

SOL XXX GT

(XXX is the nominal power of the module)

are manufactured according to the applicable requirements of the following European Directives: Low Voltage Directive 2006/95/CE relating to electrical equipment designed for use within certain voltage limits and they are in compliance with the requirement of the following harmonized standards

Crystalline silicon terrestrial photovoltaic (PV) modules -
Design qualification and type approval
EN 61215: 2005

Photovoltaic (PV) module safety qualification
EN 61730-1: 2007
EN 61730-2: 2007

Quality assurance is guaranteed by a quality management system according to ISO 9001: 2008.
